The skies over Ellensburg may be dotted with aircraft for a planned 1993 regional "Wings" program fly-in and safety symposium. The Fly-In is to encourage CWU, FAA and other aviation related agencies to participate and support a Family Fly-In in July and attract as many as 300 to 500 aircraft and a thousand people or more to the event at Bowers Field.

The snow flakes aren't falling yet but Kittitas County Road Department is ready to plow about 500 miles of the 544 operated by the county. Milton Glover, assistant county engineer explained the missing 44 miles consists of road sections such as the Colockum Pass road and sections of other county roads that aren't traveled. In bad snow years the Road Department doesn't plow the old Vantage Highway since new freeway is clear for travel.

"Buck" Brown, high school football and basketball star, captured a yearling deer just at dusk near the Damman school. The animal had probably come down from the Manastash canyon. It is now in a corral at the Brown ranch and it is expected that the county game commission will give young Brown a permit to keep the deer through the winter in order to preserve its life.
